Good Morning Jamie,

Given Misty's responses, I am again reiterating my initial ORR request to ensure I have EVERYTHING I requested.

"Pursuant to the Georgia Open Records Act § 50.18.70 et seq., I am requesting the any and all documentation related to the justification, notification of intent to demolish to the owner, and demolition of the home at 162 E. Point Rd. Cedartown, GA 30125. To include the names of everyone involved from beginning to end of this action."

As previously stated, I sent all the information that was available in my department. I spoke with the Planning & Zoning and Code Enforcement departments this morning and was told that they have not received any open record requests from you. Attached is all the documentation that Planning and Zoning and Code Enforcement had.

Thank you,

Misty

After reviewing the documents in detail, it appears your office has forgotten some documents requested from my ORR:

1. The county Attorney referenced notices that were "given", whatever that means, in November 2022-December 2022, prior to the County Attorney issuing formal notification to the previous owner.

2. What sparked Brian McCray to go look at this property and issue these notices, that led to the demolition of a cure 4 sided Brick home that merely needed some repairs and remodeling inside? Surely there were complaints filed. Who filed them? Names! I requested ALL names beginning to end! Produce them please!
3. Said notices should include who was reporting the property to your office.
4. Supporting pictures, evidence, etc. to support the claims the structure was “Dilapidation; Despair; Structural defects; and Uncleanliness” and the “opinion” of Brian McCray that the premises were being used for drugs and squatting.
5. Why are truly dilapidated homes in the run down neighborhood behind DK Gas Station area still standing, when this cute 4 sided brick home was torn down for such false claims. See attached image.

Misty, this is how my neighbor supports his family and employees. He buys homes that need work, fixes them up, and resales them for a profit.

He works 6-7 days a week, 8-12 hour days. He is one of the hardest working men I have ever met.

The value he brings to our community is amazing! He truly cares about people. I am risking my life to fight this injustice against him and happy to do it! What is right is right and wrong is wrong. Period.

Again, I liked you the moment I met you earlier this year Misty. You sat me down and showed me qpublic when I spoke to you about putting up a fence for my dog Donald T. Chrisco.

You were nice to me and helped me and I greatly appreciated that help. I never forgot about you!

I have shared with Sheriff Moats that it is my opinion that you are caught in the middle of some dirty business. I might be wrong, but I don't believe I am.

If you feel your life is in danger, please talk to Sheriff Moats. You can trust him.

If you are involved, you can dramatically decrease your punishment by turning yourself into Sheriff Moats IMMEDIATELY. I have made sure this issue is known by people beyond Polk county for my and Ismael's safety.

On Saturday, I helped my church pass out Hot Home cooked meals to people living in the garbage motels on Main Street. One lady was there with 2 kids and destitute trying to find a better, cheaper, safer home for her and her boys. This home would have been perfect for her. She pays over \$1,600/mo. to live in a 400 sq ft run down motel room. (These should be demolished IMHO)

People are suffering in this County Misty. I saw it when I first moved here 18 months ago. It is getting worse every month. I will not stand for it! It is unnecessary and reeks of County Political Corruption/Incompetence. Its pure EVIL and it WILL end so long as I draw breath!

Did you know that the cause for County wages being so low is Corruption?

Corruption ALWAYS leads to poverty. ALWAYS!

Once I purge this county of its corruption, all county workers are going to see their wages increase year after year and their retirements become incredibly lucrative and attractive, which will draw in more quality workers! This is Economics and Business 101 stuff and common sense.

So see, I am fighting for all you county workers too, despite what county management has told you all about me. They are corrupt to the core and TERRIFIED of me.

Otherwise, why not just call the police on me instead of posting this BS slanderous flier about me and my business in the county offices?

I am not stopping until I have every corrupt PoS's butt on my wall, so help me God Almighty!

Thank you Misty.

You have always been nice and peasant to me. Thank you.

Though I am confused, because YOUR office is who initiated the demolition action per my neighbor. You and Brian McCray told him YOUR office mailed the notifications, though he never received them.

Help me understand Misty why you cannot provide the documents requested.

This is not the first time a County Office that was exhibiting Incompetence or Corruption has referred my ORR to the County Attorney.

I want to remind you that God Almighty sees and knows EVERYTHING!

The Nuernberg Trials of settled the arguments "I was just doing my job!" and "I was just following orders!"

I STRONGLY recommend you go speak with Sheriff Moats immediately and take whatever evidence you have to him and do a Sworn Affidavit.

Confess EVERYTHING you know and I will fight for you like the Veteran Warrior I am!

I will go with you and support you! The corrupt people in this county are terrified of me for good reason. They cannot Buy me, control me, or intimidate me!

It is my belief you are being used and are in a tough sport right now.

Always remember, if we don't stop injustice to others, then who is going to stop injustice against us?

Thank you,

Paul
