Mr. Chrisco,

This message is written to inform you that the City has complied with your request under the Georgia Open Records Act (Ga. Code Ann. § 50-18-71). Those responsive documents which are not exempt have been released to you. As stated in previous communications, the City is under no obligation to release documents exempt from disclosure.

I would also point out that Ga. Code Ann. § 50-18-71(j) states, "No public officer or agency shall be required to prepare new reports, summaries, or compilations not in existence at the time of the request."

Your personal insults and threats to the Records Custodian and reference to the International Military Tribunal at Nuremberg of 1945-1946 aside, the City has complied under the law.

This particular request is deemed closed. Have an amazing day!

We can play this game if you want, Constitutional Inferior.

As stated in the law you referenced, "other than initial police arrest reports and initial incident reports;"

I am clearly requesting, as articulated in my ORR, ANY AND ALL information you CAN deliver as a matter of Public Disclosure.

I will treat you like you are 5yo, since you insist on such:

I am requesting the following which is NOT protected by the law you referenced:

1. All offenses for which traffic citations were written on 22 March 2025. i.e. speeding, failure to move over, etc.
2. The number or citations written for each of these offenses
3. The names of the Officers and their badge numbers that wrote the citations, including the citation number
4. The Date and Time of the citations
5. Etc.

To be abundantly clear, I am requesting ANY AND ALL information that is NOT protected by the law you referenced. Any information left out will be considered a willful violation of the law.

Your continued refusal to cooperate will be considered your complicit knowingly and willingly effort to commit a felony and I will prosecute you for it.

Thank you and have an amazing day!

You also might want to look up what the GA O.C.G.A. and Federal U.S. Code say about RICO.

You might also want to look up what it means to do the bidding of a Foreign Corporation masquerading/impersonat-

ing as a body of Constitutional Government.

Contempt of Constitution is a Capital Crime and no one is going to be able to hide behind "I was just doing my Job." or "I was just following orders" as established in the Nuremberg Trials post WW II.

Thank you for your Open Records Request. The records you have requested pertain to a matter that are part of a pending investigation or prosecution of criminal or unlawful activity and are therefore exempt from disclosure. However certain records are still disclosable and shall be produced: initial incident report and arrest report (if arrested).

O.C.G.A. 50-18-72(a)(4) provides (in relevant part) that public disclosure is NOT required for:

"(4) Records of law enforcement, prosecution, or regulatory agencies in any pending investigation or prosecution of criminal or unlawful activity, other than initial police arrest reports and initial incident reports; provided, however, that an investigation or prosecution shall no longer be deemed to be pending when all direct litigation involving such investigation and prosecution has become final or otherwise terminated;"

If you have any questions, please feel free to contact us.

Request 25-253 was NOT a duplicate request.

Given the snarky remark on the last case, I expanded my request to ALL citation written by the Dallas PD on 22 March 2025.

Shall I refer this issue to the GBI or will you all abey the law and fulfill my Digital Records request?
